PERLICK PUTS LUXURIOUS TWIST ON SUMMER HOME ENTERTAINING

Perlick Provides Home Entertaining with More Styles and Options

MILWAUKEE, Wisc. — After being stuck inside all winter, homeowners look forward to summer for outdoor dining and entertaining. Perlick, the Milwaukee-based manufacturer of luxury under counter refrigeration and related products, is excited to be a part of outdoor entertaining needs with their line-up of luxury beer dispensers for the home. Perlick's innovative beer dispensers redefine the traditional entertaining by bringing the exciting feel of a night out right to your home. Perlick provides a large selection of beer dispensers sure to fit any homeowner's entertaining needs. This includes the world's first 15-inch beer dispenser, a 24-inch dispenser and the patented 48-inch refrigerator /beer dispenser.

"Summer is the season for home entertaining and what better way to entertain your guests than providing them with a variety of drinks to choose from," says Jeff Wimberly, Director of Sales and Marketing- Perlick Residential Products. "Perlick's unique beer dispensers make it possible to serve up to three different beers avoiding the dilemma of choosing which beer to serve to your guests."

Perlick beer dispensers feature single-zone refrigeration, a CO2 tank and low-profile coupler for maximum capacity. Perlick's first ever 15-inch dispenser is able to accommodate the ever-popular 1/6 keg of beer for the first time. The 24-inch unit can accommodate one or two taps while the 48-inch comes with a popular one, two or three faucet tap. Adding style to convenience, the 48-inch unit is also configurable in many ways; doors for the cabinet are available in solid stainless steel, thermally insulated glass or wood overlay to match surrounding cabinetry and the compartment may be coupled with Perlick's new refrigerated drawers or refrigerator. Whether you wish to entertain outside by the pool or inside in the air-conditioning, Perlick's dispensers are available for both outdoor and indoor use and can be installed as a free-standing unit or built-in. All units are UL-approved for the outdoors.

Celebrating 90 years of excellence, Perlick, the leader in commercial bar and beverage refrigeration and dispensing equipment has the best products available on the market. The Perlick brand can be found in the finest restaurants, bars, stadiums, hotels and resorts in the world. Today, Perlick offers this same level of quality and expertise to the residential market. Available in 24-, and patent-pending 48- and 72-inch configurations, the Perlick residential product line includes both indoor and outdoor undercounter refrigerators, wine cabinets, freezers, freezer and refrigerated drawers. Also available are clear ice makers and beer dispensers as well as countertop blender stations, cocktail centers and liquor displays. For more information about the Perlick product line, contact PERLICK CORPORATION at (800) 558-5592 or visit www.perlick.com.
